THE UNION NEWS CO.

C.T. ART-COLOR-TONE, REG. U.S. PAT. OFF. MADE BY CURTTEICH & CO.

Red cedars form an inviting gateway to the garden of the American Telephone & Telegraph Building at the New York World's Fair 1940. In designing its exhibit, A. T. & T. arranged not merely to display the marvels of telephonic science but to charm the eye with the arts of architecture and landscaping as well.
